N95 Disposable Mask

<u>Product</u>	<u>Description</u>
 	<p>N95 STANDARD INTRODUCTION</p> <p>① N95 standard is one of nine protection levels which are edited and certificated by NIOSH(National Institute for Occupational Safety and Health) for particulate respirators. Only the respirators/mask meet N95 standard and certified by NIOSH can be called NIOSH N95 mask.</p> <p>③ "N"means used against particulate aerosols free of oil.</p> <p>④ "95"means it filters at least 95% of the particles at a particle size of 0.3 micron.</p> <p style="text-align: center;">Model Number: VPR-9120</p> <p style="text-align: center;">Quantity:</p> <p style="text-align: center;">160 units - \$7.65 ea.</p> <p style="text-align: center;">300 units - \$7.60 ea.</p> <p style="text-align: center;">Contact us for orders larger than 300 units</p> <p style="text-align: center;">In the United States, the most commonly available and well-known respirators are the N95 facepiece respirators which filter up to 95% of particles and create an air-tight seal around the face. These types of respirator masks are not specifically regulated by the FDA, rather they are regulated by the CDC and NIOSH.</p>

KN95 Disposable Surgical Mask

<u>Product</u>	<u>Description</u>
 	<p>The KN95 Mask is a standard for respiratory equipment which filters 95% of particulates greater than 0.3 microns. KN95 masks are a PPE. They offer significant protection over standard surgical blue 3 ply masks and are recommended by the CDC as acceptable replacements if N95 masks are unavailable.</p> <p style="text-align: center;">Model Number: VPR-9120</p> <p style="text-align: center;">Quantity:</p> <p style="text-align: center;">150 pieces - \$6.00 ea. 300 pieces - \$5.95 ea.</p> <p style="text-align: center;">Contact us for orders larger than 300 pieces</p> <p style="text-align: center;"><u>About KN95:</u></p> <p>KN95 masks are regulated by the Chinese government under regulation GB2626-2006 and are rated to filter 95% of particles. In April of 2020, in order to help expand the availability of general use face masks for the general public and particulate filtering facepiece respirators for healthcare professionals during the COVID-19 pandemic, the FDA issued guidance authorizing the use of KN95 masks as suitable NIOSH alternatives under certain emergency circumstances</p>
