

LORIN

Good Hygiene Keeps People Healthy

Hand Sanitizer Stand Collection

800-621-7730 (option 2 Sales)

At Lorin, we know the challenge these days of trying to insure that you provide a safe and healthy environment for your employees and anyone else who enters your facility. As we looked to do the same for ourselves, we could not find floor and counter stands for hand sanitizer dispensers. So, we decided to make our own and liked them so much, we thought that others might like them as well. While we do not provide the dispensers, we want to make sure you are ready with the stands for when you purchase the dispensers on your own.

Lorin is a third generation, family-owned business based in West Michigan and we have been around for 77 years. We are proud to offer a currently difficult to find product to our fellow West Michiganders during these challenging times.

Lorin Industries, Inc.

LCS-200 Portable and Stable Universal Hand Sanitizer Dispenser Counter Top Stand

Design: Contemporary Curvilinear Design – Stand only	\$55.00	Free Delivery
---	----------------	----------------------

- ◆ Do not tear up your walls mounting an automatic touchless hand sanitizer, use this beautiful product to add a touch of design to go with the sanitizing function
- ◆ Easier to change the batteries and add more sanitizer for this model compared to those mounted on the wall
- ◆ The high strength to weight ratio Aluminum Construction makes it Lightweight and easily Portable
- ◆ Anodized aluminum surfaces can help minimize surface pathogen collection
- ◆ Freestanding portable design works with most hand sanitizer dispensers and can be easily moved from location to location
- ◆ Using the stand with an automatic hand sanitizer dispenser will help Reduce the spread of germs and maintain a clean environment
- ◆ Made in the USA by Lorin Industries - these are made in and ship from Michigan!
- ◆ Comes fully assembled and ready to attach the dispenser of your choice.
- ◆ Item will ship in 3-5 business days
