

RETIREMENT PLANS: A NEW ERA

UNDERSTANDING POOLED EMPLOYER PLANS (PEPS) AND THE TRANSAMERICA ADVANTAGE

Created by the SECURE Act in 2020, PEPs expand access to retirement plans for all workers by allowing employers from unrelated industries to join a pooled plan arrangement. Benefits to the adopting employers include increased administrative efficiencies, reduced fiduciary risk, and potential cost savings.

HOW IT WORKS

- The PEP sponsor is known as the pooled plan provider (PPP) and generally serves as the plan administrator and fiduciary
- “Adopting employers” elect to join the PEP
- These plans are defined contribution (DC) plans
- At any time, adopting employers are easily integrated into the plan hosted by the sponsor and tracked on the Transamerica platform

WHAT ARE THE BENEFITS OF PEPS?

The pooled plan provider (PPP) is responsible for handling the administrative and fiduciary responsibilities related to the retirement plan, and can outsource some of its duties to third-party firms. This allows adopting employers to focus on running their business and meeting the needs of their employees.

Other benefits for adopting employers include:

1

Administrative relief, as the PPP and 3(16) plan administrator oversee the majority of day-to-day tasks

2

Reduced liability, as fiduciary support and responsibility is assumed by professional plan administrators

3

Ability for adopting employer to retain many of their **customized plan features**

4

Support with **investment selections and performance oversight**

5

Access to **participant communications** and **plan support**

6

Time savings for organizations by offloading many of these tasks

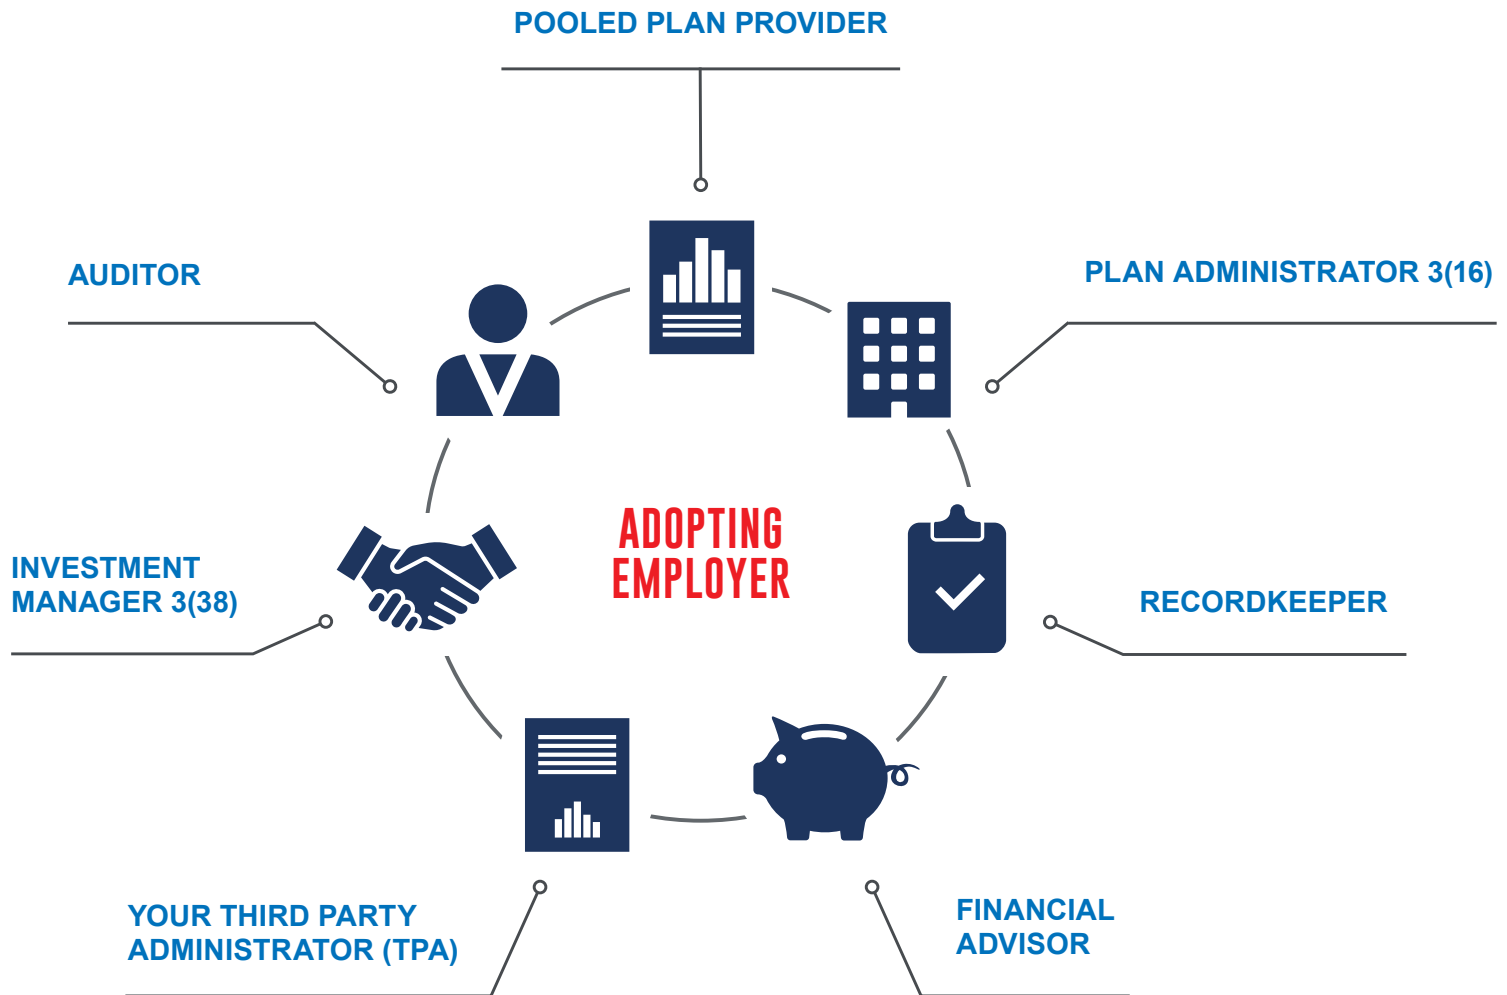

7

Potential cost savings compared to operating a single employer plan

ADDITIONAL BENEFITS

- A flexible, customizable plan design
- Specialized recordkeeping specific to their organization
- Increased negotiating power
- The PPP files one Form 5500 covering all adopting employer plans in the PEP, as well as any potential audit

A TEAM IN YOUR CORNER

Within some PEPs, professional service firms are hired to take on certain fiduciary and administrative roles on your behalf. These providers are legally obligated to carry out plan responsibilities with the highest degree of prudence, good faith, honesty, integrity, service, and undivided loyalty to the retirement plan participants. Support team members may include:

POOLED PLAN PROVIDER (PPP)

A pooled plan provider is the plan sponsor and named fiduciary for a pooled employer plan. The provider is responsible for performing most administrative and fiduciary functions for the plan.

PLAN ADMINISTRATOR 3(16)

The plan administrator performs functions to keep the PEP compliant and may support day-to-day operations such as signing and filing the Form 5500, authorizing benefit payments, and processing participant distributions.

RECORDKEEPER

With more than 85 years of retirement plan experience, Transamerica is a pioneer and market leader in pooled plan solutions. As part of our recordkeeping services, Transamerica also provides support to plan participants from enrollment through retirement.

FINANCIAL ADVISOR

A trusted source of knowledge and experience, the advisor offers a range of services. Those services include helping to select the PEP provider, conducting plan reviews, suggesting changes to the plan design, and providing investment education and guidance for plan participants.

THIRD PARTY ADMINISTRATOR (TPA)

As part of its critically important role, the TPA will help with plan design to ensure the selected plan provisions meet the needs of adopting employers. It also provides ongoing compliance services for the plan and answers any plan-related questions.

INVESTMENT MANAGER 3(38)

The named 3(38) fiduciary is responsible for selecting and monitoring the funds in the investment lineup in accordance with the Investment Policy Statement for the plan.

AUDITOR

The selected firm performs an annual audit to keep the plan in compliance. An audit is required if the PEP has more than 1,000 participants or any one adopting employer has more than 100 workers.

Pooled employer plans (PEPs) are a new type of multiple employer plan for which the Department of Labor (DOL) and IRS guidance is still pending in a number of areas. An employer participating in a PEP retains certain fiduciary responsibilities, including responsibility for retaining and monitoring the 3(16) plan administrator, for determining the reasonableness of its fees, and for periodically reviewing the plan as a whole. Nothing in this communication should be construed as the commencement of operations by a pooled plan provider ("PPP") prior to registration as a PPP.

Before adopting any plan you should carefully consider all of the benefits, risks, and costs associated with a plan. Information regarding retirement plans is general and is not intended as legal or tax advice. Retirement plans are complex, and the federal and state laws or regulations on which they are based vary for each type of plan and are subject to change. In addition, some products, investment vehicles, and services may not be available or appropriate in all workplace retirement plans. Plan sponsors and plan administrators may wish to seek the advice of legal counsel or a tax professional to address their specific situations.

Important: The projections or other information generated by the engine (which produces *Your Retirement Outlook*®) regarding the likelihood of various investment outcomes are hypothetical, do not reflect actual investment results, and are not guarantees of future results. Results derived from the tool may vary with each use and over time.

All cost savings mentioned are estimates and may vary depending on the pooled plan provider, selected service providers, advisor, or attorney fees.
