Is your business at risk for an ERISA audit?

If you don't have the necessary documents in place, you could face penalties.

Learn more by contacting us at (800) 362-5461 or sbam.org/compliance

Employers that sponsor a group benefits program are required to maintain compliance with a wide variety of federal and state statutes and regulations.

The Employee Retirement Income Security Act (ERISA) sets minimum standards for retirement and health benefit plans operating in the private sector. Over the years ERISA has been expanded to include additional health laws including COBRA, HIPAA and the ACA.

SBAM is here to help your business by offering a variety of options that will keep you compliant and avoid the hassle and confusion that comes along with compliance.

Could your company be a target?

Many small businesses don't think that the Department of Labor (DOL) will target them for an audit, but there has been a noticeable increase in the number of small and medium-sized businesses receiving audit notices regarding the Employee Retirement Income Security Act (ERISA).

The DOL has estimated that three out of four plans they audit have had an ERISA violation. Base fines for an ERISA violation are \$110 per violation, per day.

Paid Compliance Consulting Services

Our expert partner, Kushner & Company, will review all of your documents to ensure your company meets ERISA and ACA requirements for health plans.

There are three essential parts within the consulting services available to members.

Part I:

- Complete review of all applicable plan documents and Summary Plan Description (SPD)
- Review of current Summary of Benefits and Coverage (SBC)

Part II:

- Determination of the Affordable Care Act's Applicable Large Employer status
- Review existing health plan for Minimum Essential Coverage, Minimum Value, and Affordability parameters
- If applicable, determine potential for employer mandate penalties under IRC Sections 4980H(a) and/or (b)
- Review and/or establishment of proper Measurement, Administrative, and Stability periods, both for current as well as new and variable hour employees
- Establish procedure to distribute all required health and welfare plan notices, including pre-ACA as well as ACA-required notices, and provide such model notices where needed
- Determine if a "wraparound" document would reduce compliance burden and IRS Form 5500 filing requirements
- Review need for annual Patient-Centered Outcomes Research Trust Fund Fee (PCORI) filing, and if necessary, assist with developing the process to file.
- Determine if any additional nondiscrimination testing must be performed on any of the underlying health and welfare plans.
- Determine applicable IRC Section 6055/6056 compliance reporting requirements. If necessary, assist in preparing processes to comply with that reporting requirement.

Part III:

- Access, via email or telephone, to Kushner & Company's nationally recognized ERISA and ACA experts for Q&A to answer specific questions as they arise.

Packages and Costs

Measurement, Administrative, and Stability Periods

Review and/or establishment of proper periods, for both current as well as new and variable hour employees (if purchased without either Package)

One-time fee: \$1,000

* Review of Control Group Status or other issues that may require the time of an ERISA attorney. If it is suspected, via conversation during consulting services review, that there may be a Control Group situation, we have established a relationship with the legal firm, Warner, Norcross & Judd who will also be available for consultation. If engaged, WNJ will also offer a discounted hourly rate for SBAM members—not included in the above packages.
